**RECERTIFICATION REQUIREMENTS**

Recertification through education can be achieved by accumulating a total of ten (10) Continuing Education Units (CEUs) over a three-year time period. You may recertify through education at any point during your three-year recertification cycle. However, if you recertify early (i.e., before the end of your current cycle), please note that credit beyond the required 10 hours does not apply to the next cycle. Furthermore, early recertification does not change the beginning date of your next recertification cycle. Please note that recertification cannot be submitted for processing prior to one (1) year before the expiration date.

All requirements for recertification (10 CEUs) may be substituted by repeating the current applicable course. If the course is repeated prior to expiration of certification, the examination is not required.
